

## Tiverton Academy Values and Character Education

Keeping our children safe and ensuring that we prepare them for life in modern Britain could not be more important. Tiverton Academy promotes community cohesion by respecting the traditions and celebrating the cultures of our children's homes and heritages. At the same time, we ensure that all children are familiar with expectations in modern British society, particularly in relation to:

- democracy
- the rule of law
- individual liberty
- mutual respect
- tolerance of those of different faiths and beliefs

To support our children, we focus on a value each half term, reflecting on its different meanings. Here is an overview of our themes over a two year cycle.
