

Year 2: Autumn Term

Animals

This term in year 2 we will be focusing on animals. This topic will be closely linked to our Literacy texts and will also be embedded into non-core lessons too.

Literacy

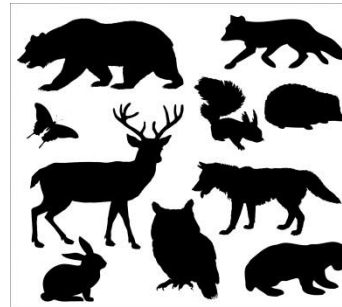

In Literacy we will explore a variety of texts based on Animals and produce a range of writing. The first book we will explore is a picture book called 'The Lion and Mouse' which was the winner of the 2010 Caldecott Medal. We will explore a non-fiction text called 'Hidden World - Ocean' and also produce some poetry about animals.

Computing

This term in computing we are focusing on programming and computational skills. We will learn about programming on screen and exploring how computer games work. We are also working hard to work ensure we are safe online.

Numeracy

This term in maths we will focus on place value including addition and subtraction, using concrete objects and number lines. We will look at measures and 2D and 3D shapes.

Creative Arts

Our artist focus and artwork will be based around **Georges Seurat**.

Science

This term in Science we will be learning about animals, including humans. We will recognise that animals, including humans, have offspring which grow into adults, find out about and describe the basic needs of animals, including humans, for survival (water, food and air) and describe the importance for humans of exercise, eating the right amounts of different types of food, and hygiene

PSHE: PATHS

During PATHS this term we will be looking at how to deal with different feelings and emotions and self-control.

Our value for Autumn 1 is 'leadership'
